Click the "Add Point" button and then click on the map to mark a location where individuals have been observed living without shelter in Virginia Beach. In the comment box, include the date observed (MM/DD/YY) and any additional details that will help identify the location and situation (e.g. landmarks and cross streets, number of individuals, description of environment, etc.). Press "Post with Comment" to save the point and details, and then "Complete" to submit your response. Repeat these steps for each additional location you want to submit.
